

To: the Honorable Sterling Johnson 6-29-20
 U.S.D.C. judge of E.D.N.Y.

with all due respect, allow me to start
 By saying, that I hope and pray that
 upon receiving this letter, it finds
 you and your loved one in the Best of
 Health & spirits!

My Name is George Vavet #01193-748.
 I am an inmate who has been
 incarcerated for the past 20 years that
 is being housed at the Federal Correctional
 Institution Coleman-Medium in Florida.

I am respectfully writing due to a copy
 of a legal letter I received on May 18 from
 a Ms. Anna L. Karamegias from the
 A.U.S.A. office. I am not sure what to
 make of this letter, because in this letter
 the government is agreeing with my 2255-
 successive petition for a writ of habeas
 corpus. In the letter they are talking
 about vacating these two convictions,
 that gave me a sentence of life on counts
 2 & 4 and 120 months on counts 1 & 3. If
 they vacate these convictions does this
 mean my life sentence is to be re-moved.

I am trying to stay calm, Because like I said Before, its Been 20 years of Being incarcerated and if I am about to be released or returned Back to court, I would like to know. I have not seen my family (mother) in 19 years and

I would really like to be able to prepare her for whatever news this letter is referring to. I have stayed in touch with certain friends and family that have offered me a place to live along with a job upon my release untill I am able to find a place of my own.

I am truly sorry for Bothing you, "your Honor sterling johnson" during these hard times, But I needed to ask, what this letter really means, Because I really don't know that much about the law. I hope you can help me understand and give me some type of insight of what is going to happen with my case/motion.

I thank you "your Honor sterling johnson" for taking the time to read this letter. Please pass on my Hopes & prayers to the rest of your court employee's.

Sincerely! George Veriet
